Keith

Our security is photographing and I am headed down to speak with management and obtain copy of approvals that may have been received by BCDC. Our offices were not aware nor did we approve this event.

Thank you

Jenni

Just spoke with Sean, the GM at Kincaid's. He told me he was informed by Scott's catering that the extensions were going up, "we've done it many times before, everything is OK and your operations will not be affected."

The installing is happening as I type. With pipes on the ground and ladders all over public access at best is hazardous, in effect blocked.

Jenny - have you taken pictures? If not, Adrienne, do you want some?

Unsolicited editorial - when is the public going to see a cease and desist order? Scott's continually slaps the public in the face with these violations. Should I make another appearance at a monthly BCDC public meeting?

Cheers - Keith

Subject: Extension to Pavilion

Jennifer,

I am sure you might already be aware that an extension tent to the Pavilion is being installed today. It is on the water side between the Pavilion and Kincaid's.

In addition, the Pavilion have remained up since Friday.
